You could even take it to a convention or appearance and get the author to draw a custom cover for you! While the world was recovering and rebuilding from the zombie apocalypse, one eccentric genius, Dr. Dieter Schmidt, was turning a Haitian island into a paradise for the wealthy and affluent. Word eventually spread out to the civilized world that Schmidt had mastered the technology of cybernetic control of the undead. Now a team of journalists have come to the island to report on the amazing advances being made in the tropical paradise to the rest of the world. Unless something goes wrong. What you may not know is that author Mike Gagnon originally conceived of the book as a graphic novel, a project that was completely plotted, fully scripted before it was ultimately adapted into a novel. All the plot and chapter breakdowns, character bios, and the complete original graphic novels script, exposed like the entrails of a bloated corpse on the beach, just before you realize that corpse is moving, gnawing on your ankle, and working it s way toward your brain!.
