Figure 2: State Reported Preferences for Financing Structure of Subparts 1 and 2 of Title IV-B Number of states expressing a preference 30 25 20 15 10 5 0 Allowable Spending spending restrictions categories Subpart 1 preferred Subpart 2 preferred Equally preferred Not applicable Source: GAO survey data. Note: Data on state preferences are based on responses from 46 states, although they did not all respond to each item. HHS provided relatively little oversight specific to state spending under Federal Oversight subpart 1. HHS does not collect data on subpart 1 expenditures, relying Insufficient to Ensure instead on cursory reviews of plans submitted by states that discuss how they intend to use their subpart 1 funds in the coming year. HHS regional State Compliance officials reported that they review these plans for relatively limited with Title IV-B purposes because there are few restrictions on how states can spend subpart 1 dollars. We also found that HHS regional offices had paid little Spending attention to statutory limits in states planned use of subpart 1 funds. In Requirements under response to our survey, 10 states reported actual 2002 subpart 1 expenditures that exceeded the spending limits by over 15 million in Subpart 1 total.
