From prehistoric relatives to post-endangered status, Ouchley provides a comprehensive review of the alligator, an iconic southern creature. Michael K. Steinberg, author of *Stalking the Ghost Bird* The conservation of the American alligator is one of history's best examples of the sustainable-use model for wildlife conservation. The effort to preserve the alligator has contributed to the conservation of wetlands and many other wetland-dependent species throughout its range. Ouchley does an outstanding job of explaining the mysteries of this keystone species. Robert Barham, Secretary of Louisiana Department of Wildlife and Fisheries Kelby Ouchley is part of a generation of wildlife professionals that helped bring the American alligator back from the brink of extinction.
