## Science Magazine" State of the Planet 2008-2009: With a Special Section on Energy and Sustainability

By Donald Kennedy, Science Magazine

Island Press. Hardback. Book Condition: new. BRAND NEW, "Science Magazine" State of the Planet 2008-2009: With a Special Section on Energy and Sustainability, Donald Kennedy, Science Magazine, Taken from the pages of "Science" and supplemented by contributions from the magazine's editors, "State of the Planet 2008-2009" offers contemporary science writing that is sometimes provocative, frequently enlightening, and always authoritative. Published by the American Association for the Advancement of Science (AAAS), "Science" is one of the most respected scientific magazines in the world. With a readership of more than one million people, it offers "hard science" from top scientists to both educated lay readers and scientists alike. The articles collected here are arranged thematically and each section is introduced by a prominent scientist or science writer. Donald Kennedy, who was Editor-in-Chief of "Science" when these articles appeared in the magazine, contributes a preface and several short essays. Focusing on issues of energy and sustainability, sections of the volume are devoted to the prospects of energy-sparing technologies and alternatives to fossil fuel use, including ethanol and cellulosic digestion. Other sections center on climate change, led by a comprehensive essay on the state of scientific knowledge today and followed by contributions about the Antarctic...
