Authentic Media. Paperback. Book Condition: new. BRAND NEW, Test of Faith, Ruth M. Bancewicz, Faraday Institute for Science and Religion, Is God a delusion? Are science and Christian faith incompatible? Ten scientists tell their stories. There is a popular myth at large in both modern society and in many churches. In this book ten respected scientists share their life stories and their reflections on science and faith. What led them to become scientists? Why did they embrace Christianity? And how do they relate their religious beliefs to the science that they do in the lab? The stories that they tell help us to see that when it comes to answering some of 'life's big questions' we do well to listen for the insights from both science and faith.
