

Complete Mathematics Workbook: Essential Revision and Practise: Years 2 - 5 with Answers

By Fidelia Nimmons

Createspace, United States, 2013. Paperback. Book Condition: New. Workbook. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a complete practice and revision mathematics book covers requirements of the new national curriculum framework for mathematics for years 3 4. Extension activities from the years 5 6 teaching and learning objectives are also included. It is ideal for use in school or at home. Parents and private tutors will find this book an invaluable all in one handbook ideal for working with a single child or more children. The book contains units for every area of mathematics corresponding to the primary mathematics curriculum including new areas like Roman numerals. Each unit contains learning objectives of what pupils should know. Detailed step by step explanations and worked examples make the learning objectives accessible and ample exercises provide opportunities for pupils to practise these. A key feature of this book is ongoing review and quick check of work covered so far. This helps the pupil identify areas which have been grasped and those that need revisiting. Ten practice test papers are included in the books to provide practice in SATs and secondary school selection tests style...
