E555 2005h OCLC Number: (OCoLC)68567848 Subject: Emergency communication systems -- United States. Excerpt: . . . 11 Im particularly interested in making sure we learn everything we can from these disasters because the San Andreas Fault runs the length of my District. The U. S. Geological Survey has estimated the probability of a 6. 7 or greater magnitude earth-quake in the San Francisco Bay Area between 2003 and 2032. There are many steps Congress can and should take to shore up our communica-tions infrastructure in response to what we experienced on 9 11 and the Gulf Coast disaster. Many of the problems we observed in these disasters would be greatly alleviated if the huge swath of communications spectrum occupied by television broadcasters for analog transmissions were made available for public safety and advanced tele-communications services for the public. I know that Chairman Barton and his staff are working hard to accelerate this process, and as I indicated in my recent letter to the Chairman, Im eager to work with him to move this process forward. The availability of the analog TV spectrum...
