paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 180 Language: Chinese modern economic theory more and more attention to the role of cultural traditions in economic growth. Constituted by a series of values, customs and moral orientation factors, cultural traditions, has gradually become an important factor of economic growth. Economic operation, every act of the principal are inevitably accept the impact of cultural traditions. Cultural traditions through the subjective perception of the actors, the habit of thinking and behavior, thereby affecting the efficiency of economic growth. Cultural traditions to become a social environment, about the relationship between members of society, and by the mutual influence between the groups, constitute a particular trading systems and exchanges habits, this habit of trading systems and exchanges will protect the cultural traditions continue. Jenner of the University of Michigan, Bednar Jenna Bednar and Scott E. Page (Scott E. Page), this two-way causal relationship formulaic manner by demonstration presented a rigorous logic of the model, specification of the cultural traditions, the relationship between system performance and path dependence, let us further clearly understand the impact of the cultural traditions of...
