FROM THE REPORT OF THE OFFICIATING PRINCIPAL, MAJOR GEORGE CHESNEY. I HAVB the honor to make my report on the result of the Annual Examination held at this College, which came to a termination on the loth April last. I attach the examination papers and two tables of marks gained by the students, one shewing in detail the marks gained in each branch of the different subjects of study, the other being an abstract of this. It will be seen that there were six papers in Mathematics and three in Mechanics, of which two in the former subject, and one in the latter were set by the Principal, and the remainder by the Professor of Mathematics. The three papers in Engineering were set by the Principal, who is acting as Professor of that subject, and there had been also an examination during the term. The merits of the students in estimating were also determined by two exercises, one set during the term and one on this occasion. The drawing marks were assigned chiefly for the drawings executed in class during the term, but one-sixth of the marks allowed in this subject was allotted to the exercise given as an examination, in order to test the student s powers of drawing rapidly. In Surveying, the larger proportion of marks was assigned to work done in the field and the remainder to the answers to questions on the theory of surveying given at the examination. It is...
